--------	------------	---

**Summary: LATE FILED.** On June 3, 2003, Lee Schavrien, Vice President, San Diego Gas & Electric Company (SDG&E), met with Cmmr. Kennedy in an all-party meeting in San Francisco. A list of other attendees is attached to the notice. Schavrien stated that SDG&E supports the alternate decision which would order hearings, giving all parties the opportunity to cross-examine evidence. Schavrien noted that the alternate does not reach a conclusion on the question of the need for a Valley-Rainbow-type project, which the Commission may decide contemporaneously with SDG&E's long-term resource plan. Schavrien indicated that additional delays may prevent a transmission project from being completed by the time it is needed.

Cost Recovery Mechanisms for Generation  
Procurement and Renewable Resource Development.

**Summary: AUGMENTATION REQUIRED.** On June 4, 2003, Lad Lorenz, Electric and Gas Procurement Vice President, San Diego Gas & Electric Company (SDG&E), met with Pres. Peevey in an all-party meeting in San Francisco. Also present were Cmmr. Kennedy, Julie Fitch, advisor to Pres. Peevey, and other attendees. Lorenz stated that SDG&E supports the proposed decision (PD) which incorporates most of the joint principles developed by SDG&E and The Utility Reform Network. Lorenz specifically indicated that SDG&E supported that PD's recommendations with respect to contract terms and unlimited forward banking of excess procurement and indicated that SDG&E was encouraged by the PD's recommendation for adoption of a REC-based accounting system. Lorenz also indicated that SDG&E disagreed with the PD's recommendations related to the treatment of energy and capacity in the market price referents and as part of least cost, best fit evaluation. Lorenz recommended that bidders should identify both capacity and energy costs, and that a project's total costs should be considered in the bid ranking. Lastly, Lorenz indicated SDG&E's support for the Commission's renewable portfolio program.

Also present were Robert Kinosian, advisor to Cmmr. Lynch, and David Rubin, Director, and Dennis Keane, Manager, Service Analysis, for PG&E. Also present were David Gamson, advisor to Cmmr. Brown, and Michael R. Hoover, Director of Regulatory Affairs, SCE. SCE representatives expressed support for the proposed decision of ALJ Pulsifer. SCE representatives stated, however, that the alternate of Cmmr. Brown would be acceptable if modified to make clear that any municipal utility established after February 1, 2001 should be responsible to pay Cost Responsibility Surcharges. SCE representatives expressed its view that the Commission should not be advocating efforts by municipalities to escape costs associated with the Department of Water Resources costs and ongoing utility obligations.

San Diego Gas & Electric Company, for a Certificate

of Public Convenience and Necessity for the Valley-  
Rainbow 500 KV Interconnect Project.

**Summary: LATE FILED.** On June 4, 2003, James Scarff, counsel for the Office of Ratepayer Advocates (ORA), met with Cmmr. Kennedy in an all-party meeting in San Francisco. Also present were Timothy Sullivan, advisor to Cmmr. Kennedy, Scott Logan, ORA staff analyst, and representatives from San Diego Gas & Electric Company's (SDG&E), the California Independent System Operator (CAISO), Save Southwest Riverside County, the City of Temecula, the Pechanga Development Corporation, Greenpeace, and the Sierra Club. Scarff discussed SDG&E's petition for modification of D02-12-066. Scarff commented that SDG&E should pursue acquiring new local generation in the San Diego area in the context of its current resource procurement. Scarff stated that acquisition of new local generation would serve ratepayers better than the construction of the Valley-Rainbow transmission line. Scarff noted that the reliability event that the CAISO claims justifies the construction of this transmission line was calculated to be a very rare set of coincidental circumstances, and that system stability could be assured just as well or better from the operation of more generation in the local area as from the construction of the Valley-Rainbow line. Scarff further stated that the construction of Valley-Rainbow would not simplistically reduce RMR contract costs. Scarff stated that ORA agreed with many of the intervenors that it would not be appropriate for the Commission to continue with the California Environmental Quality Act review as proposed by the Peevey alternate without the applicant having identified the project. Scarff noted that everyone involved in this case wanted either Otay-Mesa or the Palomar Energy Center to be built, yet SDG&E seemed to be focusing all of its efforts on building this transmission project instead of encouraging new power plants.

**Summary: LATE FILED.** On May 8, 2003, Joseph R. Kloberdanz of Sempra Energy Utilities sent a written notice (attached to the letter) on behalf of San Diego Gas & Electric Company (SDG&E) to Cmmrs. Peevey, Brown, Kennedy, Lynch, and Wood. The notice was also addressed to ALJs Allen and Gottstein. The notice describes changed assumptions regarding generation operation and additions in the area of the proposed Miguel-Mission 230kV line #2, and the Imperial Valley Substation. **Summary:** On June 10, 2003, Noel A. Obiora, attorney for the Office of Ratepayer Advocates (ORA), met with Aaron Johnson, advisor to Cmmr. Lynch, in San Francisco.

Also present was Don Smith, Senior Analyst for ORA. ORA representatives stated that the proposed decision (PD) of ALJ Allen erroneously omitted ORA's proposal for an independent study of externalities and that the said study was necessary for achieving the ultimate end of Public Utilities Code Section 701.3. ORA representatives also pointed out the fact that a preliminary penalty scheme which combines predetermined penalties with an OSC would serve to strengthen the PD even along the lines of its present direction, and voiced support for the proposal that the utilities apply to the Commission when they anticipate a deficit of more than twenty-five percent. ORA representatives stated that it sought more guidelines in the PD for the next phases of the RPS proceeding.
